QUEBEC ELECTIONS

OVERWHELMINGLY LIBERAL

Only Six Conservatives Elected. Two Parent Cabinet Ministers Defeated in Montreal

Montreal, November 26.—Six Conservatives were successful in the Quebec Provincial elections yesterday. They were: Leblanc in Leval; Teller in Joliette; Bernard in Shefford; Girard in Compton; Lafontaine in Maskinonge; Lemay in Lottbiniere.

Among the Liberal members are several who defeated Government candidates.

In Montreal two Parent cabinet ministers, Hainville and Gerin, were beaten.

Labor candidates were snowed under.

Two elections are to be held, Gaspe and Madagalin.

Many Liberals were elected to support Senator Choquette, an opponent of Parent's.

Good Roads Wanted

Bulletin Special Despatch.

Athabasca Landing, November 25th.—A large and representative meeting was held here last evening for the purpose of appointing delegates to represent this polling division at an approaching convention to be held in Edmonton on the 3rd of December. The object of which is to select a candidate to represent us in the federal legislature. Messrs L. Gagnon and J. H. Wood were unanimously chosen delegates. Considerable discussion took place during the course of the meeting, and the delegates were impressed with the fact that no support should be given to any candidate without pledges that this great north country will receive its full share of consideration at Regina, and that the road from Edmonton to the Landing over which there is such an enormous traffic, gets its fair share of Government money voted for the improvement of public highways.

Unruly Galicians

Winnipeg, November 26.—While patrolling Austin avenue early this morning Constable Macdonald heard a disturbance in a big boarding house. He was hit by a stone on entering, and he was confronted by twenty Galicians' knives and clubs threatening him. The Constable drew his revolver, and finally arrested the man who hit him with the stone after a ten minutes' struggle. A squad of police then went down and arrested eight others after considerable resistance. They are a bad lot, and wrecked a livery stable earlier in the night.

Canadian Trade

New York, November 26.—Bradstreet's contains the following: "In Canada mild weather is a drawback to Canadian trade, and the close of navigation gives an aspect of quietness to general business, and ship-

ments. Bank clearings however show great expansion over last week and last year.

Montreal, November 26.—Reports state that navigation closing is affecting trade. There is less doing in the wholesale business, but holiday enquiry is beginning.

Toronto reports that the weather is affecting trade, but that the holiday goods are moving well. Retailers are busy, but collections are backward. Failures for the week number 31, as against 13 in this week a year ago.

Compliments For Minto

Bulletin Special Despatch.

Ottawa, November 26.—Colonial Secretary Littleton has written Lord Minto here thanking His Excellency for the zealous devotion with which he discharged the duties of his high office. It further adds that the six years were marked by great importance to the Dominion of Canada and to the Empire at large, including the war, in which the military forces of the United Kingdom and Canada acted together in the Imperial cause.

Steamer Stork Safe

St. John's, Newfoundland, November 24th.—The steamer Stork from Sydney, C. B., for whose safety fears were entertained arrived in this harbor to-night. The Stork was driven seaward in Sunday's gale and her machinery disabled. Her docks were swept by waves and she narrowly escaped going to the bottom. Several of her men were injured during the storm. The Stork was nine days making the passage from Sydney to St. John's where at an ordinary time, the trip only takes 48 hours.

The Steel at The Saskatchewan

Bulletin Special Despatch.

Henrietta, Sask., November 26.—The temporary C. N. R. bridge across the Saskatchewan at the Kl-bow, and the steel is either there or it will be in a day or two. This bridge is sixty miles from Battleford.

Won a Championship

New York, November 24th.—John J. Daly, of Galway, Ireland, running in the colors of the greater New York Irish A. A., won the A. A. U. individual cross country championship of the Metropolitan district at Travers island to-day.

THE WAR SITUATION

St. Petersburg, November 24.—Unofficial advices only bear on the affairs at the front to November 23, and the absence of official later news from the Russian or Japanese side arouses the belief that more important operations than heretofore may be progressing.

London, November 24.—The correspondent at Odessa of the Standard learns that the Russian Government has decided to start in January a general mobilization throughout European Russia.

Headquarters of the Third Japanese army before Port Arthur, November 14, via Fusan, November 24.—The only permanent forts in the possession of the Japanese are the two Panlung forts, captured in August. They hold the advance works of the Rihlung redoubt, called Fort Kuropatkin; an entrenchment hill misnamed "P." Fort Koba Hill; Sachitskiyama, and one hundred and seventy-four metre hill; they also occupy the caponiere galleries and moats of the two Rihlung forts and North Enkvan fort.

London, November 25.—The Daily Telegraph's correspondent at Port Said asserts that the Russian volunteer steamer Voronez, which has passed the Dardanelles as a transport, has three submarine boats on board, and that other vessels which passed the Dardanelles similarly have a large amount of Hotchkiss guns. Evidently once through the canal, says the correspondent, they will emulate the volunteer steamers Petersburg and Smolensk.

London, November 25.—The correspondent at Moscow of the Daily Telegraph claims authority for the statement that General Stoessel's despatch sent by the torpedo boat informed Emperor Nicholas that the Port Arthur garrison was being starved out, and with other frank details of its actual condition, showing that the fall of the fortress is probable.

London, November 25.—Writing from Tokio on the subject of the alleged intrigue of Russian agents to sow discord between the Japanese and the Americans, and create a feeling in America that the Japanese successes in the present war

would jeopardize the American position in the Philippines, a correspondent of the Times declares that nothing could be more chimerical. It is doubtful, the correspondent says whether even Great Britain holds a higher place in Japanese esteem and affection than America. The writer says that this sentiment is of long and unchecked growth. It began under the diplomatic regime of Townsend Harris, and the numerous instances of America's friendship since that time has so resulted that no western nation is more cherished by the Japanese than the Americans.

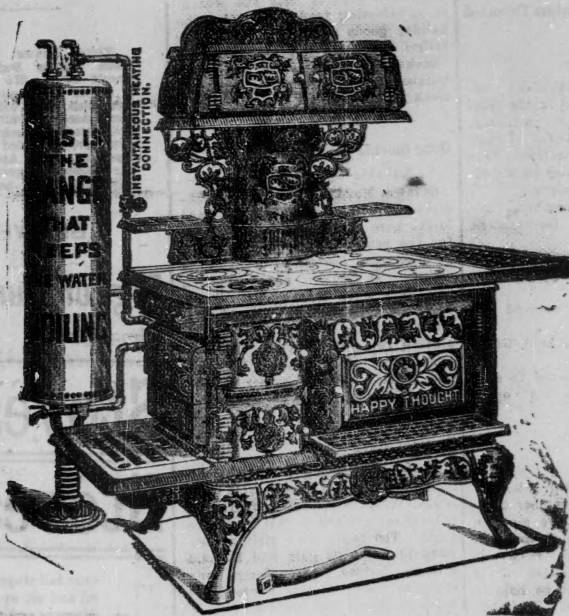

WATERWORKS AND SEWERS

During the past season sewers have been constructed along the following streets in the city, the figures showing the length of each sewer:—

Queens Ave.—Rice to May, 894.
Fraser Ave.—Fire Hall to 2nd St., R. Lot 10, 1200.
1st St., R. Lot 10—Queens to Namayo, 541.
3rd St., R. Lot 12—Namayo to Kinistino, 815.
2nd St., H. B. R.—Athabasca Ave. southerly, 337 1-2.
3rd St., H. B. R.—Peace to Jasper, 1340.
4th St., H. B. R.—Peace Ave. southerly, 768.
Peace Ave.—1st to 4th Sts., H. B. R., 1200.
Elizabeth St.—McDougall to Queens, 481 1-2.
1st St., H. B. R.—McDougall St. south and Curry St. from College to Dowling Mill, 1725.
This makes a total length of 9212. During the same time water mains have been laid along the following streets to a total length of 16374 feet:—
Queens Ave.—Rice to May, 894.
1st St., R. Lot 10—Queens to Fraser, 250.
3rd St., R. Lot 12—Namayo to Kinistino, 815.
Namayo Ave.—1st St., R. Lot 10 to 3rd St., R. Lot 12, 253.
2nd St., H. B. R.—Athabasca Ave. southerly, 337 1-2.
3rd St., H. B. R.—Peace to Jasper, 1340.
4th St., H. B. R.—Peace Ave. southerly, 768.
Peace Ave.—1st to 4th Sts., H. B. R., 1200.
Elizabeth St.—McDougall to Queens, 481 1-2.
1st St., H. B. R.—McDougall St. south and Curry St. from College to Dowling Mill, 1725.
Jasper Ave. East—N. W. M. P. Barracks to D. R. Fraser & Co.'s mill 2400.

SATURDAY, NOVEMBER 24/18

MARKETS

Farmers are complaining of the spread in prices of produce between Winnipeg and Edmonton, and as a consequence deliveries in oats, barley, hogs and cattle are light.

The top price paid for wheat is 85c. As there is a very great deal of good wheat in the country, an unusually large proportion of the total crop is bringing that price. It is generally believed that the grade would be at least No. 2, if not No. 1 hard. The Winnipeg papers do not seem to give quotations for No. 1 hard, evidently because there are so few cars of that grade being inspected. The bulk of the inspection is of 2 and 3 northern, with a considerable amount of No. 1 northern. The prices quoted on November 16 are: No. 1 northern, 86 7/8; 2 northern, 85 1/4; 3 northern, 84 1/2. Just what the difference would be between No. 2 hard and No. 1 northern is hard to say. But supposing it to be the same as that is to say, 3 1/2c, the price of No. 2 hard should be about \$1.00. The prices quoted are all in elevator at Fort William. The freight rate, Edmonton to Fort William, is 18c per hundred, or a little less than 17c per bushel. Taking for granted that the Edmonton wheat, which now brings 85c is of No. 2 hard grade, it will be seen that the Edmonton buyers are paying a shade more than the export price.

Last year the millers paid considerably over export price for good wheat. In fact, they paid up to or above Manitoba prices.

It will be remembered that Manitoba prices are not Winnipeg prices, that the farmer pays an average freight of say 12c per hundred or a little less than 8c per bushel. On the basis of the Fort William prices quoted, the Brandon farmer would be getting 89c for No. 1 northern, and 84 c for No. 2 northern. The Brandon farmer has an advantage of 8c a bushel in reaching Fort William over the Edmonton farmer, and he is not getting that amount of advantage in his price.

But the conditions at Edmonton are different from those in Manitoba. Edmonton is a great consuming as well as a producing centre. Last year consumption was greater than production. This year the conditions may be reversed. If there is more wheat in the district than the millers can grind, they do not have to pay over the export price. That is to say, the farmer has to pay the freight in the price of his wheat. That is the condition as it stands at present. If there is less in the district than they can grind, the farmer may get the advantage of the cost of bringing wheat in. That was the condition last year.

Possibly there is not enough wheat in the district to supply the mills for this year. In that case, and with the brisk demand for Manitoba wheat in the States for milling purposes, the prospects are for higher rather than lower local prices for wheat. The damage by rust and other causes in the north-western States has reduced the supply of hard wheat for milling purposes, and Manitoba is being drawn upon to make up for this shortage. This gives North-West wheat a very hopeful outlook.

Deliveries of oats are very light. The farmers feeling that the prices at present offered are below the mark. With No. 2 oats, worth 32c to 33c in Winnipeg, on November 16, they cannot see why they are worth 10c a bushel less at Edmonton. Oats are not exported from the country as wheat is. Western grown oats are generally consumed in one part or another of the West. The freight rate on oats from Edmonton to Winnipeg is about 9 1/2c per bushel; and it will be observed

that this is about the difference between the Edmonton and Winnipeg prices. As a matter of fact the present and prospective demand for oats at Edmonton is as good as it can be in Winnipeg. Edmonton has a freight advantage over Winnipeg in reaching British Columbia, and the C. N. R. grading work of the coming season will be right in the Edmonton district. Last season the high price of oats was the greatest difficulty that the graders had to contend with, paying up to \$1.00 a bushel for them. The work of next season will be rushed as fast as it was this season. There is a sufficient margin between the \$1.00 a bushel which the graders paid during the past summer, and the 21 to 23c which the farmer is getting now, to warrant the latter in holding on to his oats for a time as a security of money in circulation, a scarcity of money in circulation. There is bound to be a difference of opinion between the seller and the buyer. That is to be expected. But when the difference is so great as it is at present, everyone is interested, for everyone feels the effects.

The difference in the price of barley between Edmonton and Winnipeg is not so great as in the case of oats; but it is very marked. Barley being quoted at 34c to 37c in Winnipeg. Like oats, barley is not an export crop, and in this district at any rate, finds its market in the shape of hogs. But here again the difference strikes the farmer very seriously. Live hogs are quoted in Winnipeg at 5 1/2-2c a pound. At Edmonton it is 4 1/2-2c. The demand for bacon in this district has never yet been fully met by the supply, as the frequent importation of car loads from Chicago shows. The bacon market, is therefore always in the position of the wheat market of last year. But the farmer is paying the outgoing freight on his hogs just the same as if they had to be exported to Winnipeg. Of course 4 1/2-2c is a paying price for hogs in this district. But another cent or fraction of a cent added to the legitimate profit of the farmer would have a very good effect, both on the increase of the hog industry, and on business generally. The difference in price is the more marked in view of the local demand that must necessarily arise here during railway construction next summer.

The cattle market is even more unsatisfactory than that for oats and hogs. Winnipeg quotations are, 88 1/2 to 89c for export cattle, and 2 1/2-2c to 3c for butchers' cattle. At Edmonton the price per pound is not quoted, and cattle are bought at a price per head. There is something to be said regarding cattle, however, that does not apply to oats or hogs. That is, that there are very few cattle of export quality in the Edmonton district, and the fall is the worst time of year to attempt to turn such cattle as we have into money. The Farmers' Advocate, in a recent article under the heading "How to Improve the Beef Situation," has the following:

"At the time of writing, good thrifty three-year-old steers, weighing about thirteen cwt., are selling at from \$2.75 to \$3.00 per cwt., but we know of large buyers who are offering \$4.00 per cwt. for next spring's delivery, of good hay-wintered steers. One cent per pound in the spring above fall prices is the common rate, and stockmen fail to see that there are good returns for capital and labor invested at that price. They do not realize that they receive one-quarter more for their steer, provided that he merely holds his own in weight, and good steers usually gain about one hundred pounds on liberal hay feeding."

The Advocate then goes on to elaborate its case and particularly mentions Northern Alberta as a district where, by reason of the abundance of hay and coarse grains, winter feeding can be carried on to the best advantage. The Advocate continues:

"The man with twenty or thirty head should stall feed them, feeding roots, chop, and as large a variety as possible of all the fodders. Stall grain fed bullocks always command one-half a cent per pound more than the hay fed ones besides having the advantage of a much larger increase of weight for the same length of feeding period. Under fair conditions the stall fed animal of thirteen cwt. in the fall should turn out fifteen and a half cwt. in the spring, and sell for four and a half cents per pound, while others brought four cents. Thus the grain fed one would be worth \$9.75, the hay fed \$5.50, and a similar steer in the fall would be worth \$39.00."

The fact that coarse grains are so low in this district this season is an additional reason why they should be put into the low priced cattle as fast as possible, so as to get the advantage of the necessarily higher price of cattle in the spring. The farmers allege that they

are the victims of a combine in the price of oats and hogs. To some extent they may be in the price of cattle. But the circumstances are against a high price for cattle this or any other fall, while they are as necessarily favorable to a high price in the spring, provided the cattle are fitted for the market, as they can be fitted in this district. The wealth of the state of Iowa in particular has been made out of winter feeding of range cattle, changing the animals which nobody wanted in the fall into animals which everybody wanted in spring.

Plan at Archibald's

Shoe Clerk—"Yes, madam, we find that of all the shoe polishes, nothing approaches

2 in 1

in giving satisfaction to our customers."

Lady—"I'm glad to hear it. I have a box of one of the so-called 'just as good as 2 in 1 polishes,' and it is no good. It's a pleasure to deal with a house that

sells what you want."

Shoe Clerk—"Well, madam, I would be very foolish to try to sell substitutes, for '2 in 1' is the best shoe polish made."

Black and Tan—10 and 25 cent boxes and 15 cent collapsible tubes. At all dealers.

Do you want to add \$320 to your income?

It will only require a few minutes of your time every day to earn \$320 a year. You can earn it with a Chatham Incubator. A No. 4 Chatham Incubator will hold from 50 to 60 eggs—according to size of eggs. Eighty chickens is a low average hatch—users of Chatham Incubators will tell you so. Chickens are always in demand and the supply is always short, so fifty cents is the average price secured. If you only take off eight batches in a year, that gives you an income of \$400. Would that extra amount be useful to you? Best of all, you can buy a

Chatham Incubator without one cent of cash until October, 1903

The machine pays for itself many times over before that time. There couldn't be a fairer offer than this. We ship a Chatham Incubator to you at once, freight prepaid by us, and your first payment is not due until October, 1903. Write us today for full particulars. The Chatham Incubators and Brooders have every new improvement worth while in an incubator or brooder. The incubators are made with two walls, case within case, of dry material that has been seasoned in our lumber yards. They are built solid as a rock and will stand any amount of usage for years. The sooner you accept our offer the sooner you will be earning profits for you.

We sell for Cash or on time as you desire.

THE MANSON CAMPBELL CO., LIMITED
DEPT. 38 CHATHAM, ONT.

Telegraph

Visits The World's Fair

St. Louis, Mo., November 24th.—Sir Wilfrid Laurier, premier of Canada, and a distinguished party including Mr. Fielding, Canadian Minister of Finance, Mr. Fisher, Minister of Agriculture, Lady Laurier, wife of the Premier reached the World's Fair grounds on board of a special car today. After a tour of the grounds President Francis entertained the party at luncheon and they left tonight for a trip through the west.

Remains of Prehistoric Race

El Paso, Texas, November 24.—Miners have broken into a cavern containing two dozen mummies, near Silver City. Buried with the mummies were stone weapons and instruments showing that they belonged to a prehistoric race. The persons were apparently about five feet tall in life. Their heads were small and their arms long. The cave is one hundred feet below the surface of the earth.

Weather at The Landing

Bulletin Special Dispatch.
Athabasca Landing, November 26.—The Athabasca River closed last night. This is the latest for a number of years, as the following dates will show: for the year 1899 it closed December 4; 1900, November 19; 1901, November 10; 1902, November 12; 1903, November 16. It has been snowing hard here all the morning, and is still snowing.

Sudden Death

Montreal, November 25.—Cardinal the late Conservative candidate, in the St. James' division, Montreal, is dead.

Death of F. J. Holland

Winnipeg, November 26.—Fred. J. Holland, the well known insurance agent, died this morning.

THE WEATHER

November 26.
Max., 22.
Min., 18.
Noon, 24.
Bar., 30.

The C. N. R.

A Saskatoon paper states that the C. N. railway bridge at the Elbow is advancing very rapidly. The splendid weather with the unusually low water has facilitated the work. At this present time the river bed is two thirds dry, and on Monday, November 14 the open water was rapidly turning into solid ice. For some days previous the ice had been coming down freely, and on Monday it commenced to gather around the piles. Three of the concrete piers are completed, and the piles for the false work are all down. Over to the north bank. The steel gang it is expected, will reach the Elbow by Tuesday next, November 22, at the latest, and will commence to lay the steel for the pile driver to work at the approach and at the other end. When this work is completed, trains can cross, and the laying of the steel to Battleford, sixty miles away, will be rushed forward. The bridge and its approaches will be three quarters of a mile in length. It is not so high as the one at Clarke's Crossing, so will take less time to complete. The camp presents a busy sight. Long rows of comfortable quarters have been erected for the men, with a spacious dining room. At the present time there are about 130 men working, but when the steel gang arrives the number will be increased to 200.

Northern Wheat Wanted

A Minneapolis despatch says: Chicago wheat men are purchasing Canadian wheat in Minneapolis for delivery in Chicago. This wheat is compelled to pay a duty of 25 cents a bushel, but it grades high, and the Chicago traders seem to know what they are doing. The first trade of the kind was made in Minneapolis yesterday, when a Chicago firm purchased 2,000 bushels of Canadian wheat to arrive. The Minneapolis millers have little enquiry from the Orient, and are of the opinion that the demand for flour will not be noticed until after the first of the first of the new year.

TENDERS.

Tenders addressed to the undersigned will be received until noon Thursday, the 22nd December 1904 for the labor and material required for the proposed West End Trunk Sewer and Water Mains in the City of Edmonton.—LABOR.

Excavation, pipelaying and back-filling on 13200 lineal feet of sewer and water mains. Building manholes, valve chambers and catchbasins. Setting hydrants. MATERIAL.

Cast iron pipe and specials, 4 inch to 12 inch diameter. Hydrants, 8 foot trench, 2 way and steam gate valves, 4 inch to 12 inch. Brass goods, service boxes galvanized and lead pipe. The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for someone to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substandard.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART.

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

AN EXPLANATION

Editor Bulletin:

In reply to Elector's letter which appeared in your weekly issue of the 21st he says among other things, that Mr. McKinley at the Spruce Grove meeting held on the 12th, made a proposition to me. In effect that he, Mr. McKinley, and myself hold meetings at Stony Plain, Centre, Warden and Rossmore, presumably to feel the pulse of the electors of those places, and then which one of us received the "less encouragement" should drop out of the race for Assembly honors, and that I declined. I certainly did decline such a proposition, and gave reasons at the meeting for so doing, chief among which was that I did not consider it my business to do anything of the kind, as I believed the office should seek the man. Evidently, Elector thinks differently.

JOHN McPHERSON,

Spruce Grove, November 24.

THE OLD ELECTRIC LIGHT PLANT

A public meeting of the ratepayers of Fort Saskatchewan was held in Langworthy Hall last evening to discuss the advisability of purchasing the old Edmonton electric light plant. Mayor Short of Edmonton was present. After considerable discussion the meeting decided that the municipality could not at present handle an electric light system and therefore the offer of the Edmonton electric light plant could not be accepted.

This morning the 75 kilowatt generator of the plant was sold to the McLeod, Southern Alberta, Electric Light and Power Company at a good figure.

Several offers have been received from local men for the balance of the machinery and it is expected that the whole plant will be disposed of to good advantage in the near future.

C. N. R. GRADING

Malcom McCrimmon returned Thursday evening from Battleford, near where his grading outfit has been working all the past summer on the Canadian Northern Railway construction. He came by rail, leaving some time later than his grading outfit which came overland and reached Edmonton yesterday. Mr. McCrimmon's work during the past summer and fall was chiefly north of the Saskatchewan and near Battleford. The season has been an ideal one for grading operations and good progress has been made with the work. The late and pleasant fall permitted active operations to proceed much later than usual.

Judging from the activity exhibited this year, the Canadian Northern authorities will push the work of grading from Vegreville to Edmonton and the unfinished parts east of Vegreville with all possible dispatch in the spring and that the grade will extend continuously from Edmonton to Battleford and beyond early next summer. There seems to be no doubt that rails will be laid to Edmonton next fall.

C. N. R. BRIDGE AT THE FORT

The citizens of Fort Saskatchewan have been agitating for a combined railway and traffic bridge over the Saskatchewan at the site of the C. N. R. proposed crossing at the Fort. The village council had communicated with McKenzie and Mann, of the Canadian Northern, on this subject and received the following telegram from Mr. Mann on Wednesday dated Winnipeg, November 23:

"Will agree to build combined railway and traffic bridge if the Government pay extra cost, provided we get free station site and also an interest with the Government in the town site."

To this Mayor Langworthy on behalf of the village wired:

"Will guarantee free station site. Wire probable extra cost of traffic bridge. The Government has no interest in the town site."

CURLING

The recent frosty weather is enabling the ice committee of the Curling rink to get the ice in shape for the winter curling.

It is expected that curling will commence about the 30th inst. and skips are requested to make up their rinks and hand the names to the secretary at once. All those intending to join the club would do well to hand in their names at once to any of the members of the committee.

CHURCH OPENING.

The United Greek Catholic church on Namayo avenue will be formally opened to-morrow. Services will begin at ten o'clock. Rev. Father Dyduik will conduct the services.

THE YUKON TRAIL

Bulletin Special Despatch.

Ottawa, November 25th.—The Government has decided to open a trail from Edmonton to the Yukon and Peace river.

Canadian exports for the last four months decreased eight millions.

What The Figures Say

Calgary Herald:

Nothing illustrates more accurately the tremendous growth of this section of the Canadian North-West than a comparison of the vote cast five years ago for the parliamentary candidates, and the ballots of this year. A study of these returns affords an entertaining example of the rapid growth in Alberta.

In these five years the vote has more than doubled. This is a second reason for the exhibition of satisfaction.

For instance, in the election five years ago the combined vote of Oliver and Bennett was 2,807. (The vote for McCarthy and Stewart on November 3 was 5,634, or exactly 2,827 more.

Is there a section of the Dominion to which such material growth can be shown as displayed by this part of Alberta? Every rational Canadian must be stirred by a feeling of pride over this enormous increase in the population in the country. It is significant of the splendid prosperity that is forecasted by some events.

Give the Children

"FRUIT-A-LIVES" whenever the head aches, the stomach gets upset, or Constipation troubles them. Little folk may take them every day in the year without fear of ill-effects. It's just like giving them ripe apples, oranges, figs and prunes. That's what

Fruit-a-lives

or Fruit Liver Tablets

are. The fruit juices are so combined by our secret process, that the medicinal action is intensified many degrees. Nothing like them to keep the children plump and rosy—and free of the stomach and bowel troubles of childhood.

Equally effective with grown folk. 50 cents a box.

ALBERTA COLLEGE

Contributed.

The formal opening seems to have given an impetus to the institution and started the year's societies with a bound. On Monday evening a mass meeting of the students was called for the purpose of considering the advisability of organizing a literary society. The Principal presided. After some discussion a committee was appointed to draft a constitution. The committee met later and on Tuesday evening reported. The report being accepted, business was carried on, and elections for officers called for Friday, November 25.

On Wednesday evening the prayer meeting was led by Dr. Smith, who gave a much enjoyed address, "The Proper Use of Power."

Again, on Thursday, another meeting took place for the organization of a glee club. Mr. Race was voted to the chair. Four officers were to be filled, president, secretary-treasurer, curator and conductor. Mr. Race was elected president; Miss Feurt, secretary-treasurer; Miss Lundy, curator; and Miss Crawford conductor. Saturday evening between seven and eight o'clock, was fixed as the hour of practice. All who ran of the students, are requested to attend.

Harmonious strains, like unto the music of the spheres, was swelling through the college halls a few evenings ago. The industrious students were drawn thither from their rooms by its magic charms, and found that it issued from room F, where a number were practising on stringed instruments under the direction of an instructor.

"Bun feeds" seem quite popular on the second flat. A few nights ago the old strains of "For he's a jolly good fellow," floated through the halls. Numerous applauses were heard and all was significant that a good time was being had by the residents on flat No. 2.

The monthly exams have begun, and all are industriously engaged on review work.

We will report later on election results of our literary society. The excitement is increasing, and a close run is expected.

We are pleased to note that the gym is now undergoing repairs, and will probably soon be ready for use. November 25.

HIGH SCHOOL LITERARY

The third meeting of the High School Literary Society was held in the school on Friday, November 25th. The programme of this meeting was the debate and the critics report.

The meeting was opened by the reading of the minutes by the secretary, Mr. Menecley. The debate was "Resolved that the success of Japan in the present struggle is in the best interests of each nation." The affirmative was taken by Harry Bragg and Earnest Shields and the negative by Murdoch McLeod and Arthur Dean. The judge decided in favor of the affirmative.

"The High School News" will be printed for the first time at the beginning of next week. Its editor, Miss Anna Oliver, has been honored by being placed in the editorial chair for the second term.

The meeting was closed by the singing of the National Anthem.

J. H. Morris & Co., Edmonton.

THE planters from whom I buy my tobacco in Cuba are the most expert tobacco growers in the world. They keep the plant nipped back carefully—free from suckers and only leaves enough on the plant for it to properly mature and nourish.

In this way the good of the tobacco—the proper qualities to make it excellent smoking, are evenly distributed all through the plant. Thus the leaf I secure for my Pharaoh filter is perfect—an even smoker—palatable and delicately odorous.

REVILLON BROTHERS STORES.

CHOOSING A CANDIDATE

Editor Bulletin:

The Edmonton constituency is almost wholly an agricultural one. Though the vote in the city outnumbered that of the country, yet the city is absolutely dependant on the farm, as witness the feeling in town when an untimely frost snow or hail storm visits this district.

Therefore, as the city's interests are wrapped up in those of the farm, the interests of the latter demand a first consideration.

Many matters coming under the control of the N. W. Assembly are not directly under the control of the local M. L. A.—such as schools, etc., but the roads, bridges, etc., are under his supervision, and the condition of those roads is a matter of vital importance to the farm. Therefore it is very necessary that the candidate chosen should be one who is directly interested in the condition of those roads; one who has to frequently travel them, and one who has a practical knowledge of the principles of road making.

Supposing that \$250,000 offered by the Dominion to our N. W. Government without interest, for public works, had been accepted, and had been expended on roads, etc., by incompetent members and officials after the manner in which public moneys have been sunk in the base line west of Edmonton, of how much benefit would it have been to our country or district?

I am almost inclined to think that instead of censuring Mr. Haultain, I ought to tender him a vote of thanks for refusing it, till we have an opportunity of choosing a member who will really represent us and intelligently perform what is expected of him.

A VOTER.

November 18th, '06.

Editor Bulletin:

In the matter of the choice of a candidate, I feel sure that our Edmonton friends will not on this occasion press for the selection of a town man.

For over 20 years the town has enjoyed the privilege of supplying the man for the position of M. L. A., and the farmers have loyally stood by the nominee of the town. Under these circumstances it would be nothing less than pure selfishness to press a town man on the Convention; and knowing the town men as I do, I am sure they will not be guilty of any such act, but I feel assured they will recognize the present as a fitting opportunity to show their sense of thankfulness to the farmers who have so faithfully stood by them, thus letting the honors pass round. Furthermore it will not be long before there must of necessity be a general Territorial election, which of course will be preceded by a redistribution measure, if we may judge by all previous records of the North West Assembly. When that time arrives, the City of Edmonton will almost certainly become a constituency by itself and can then please itself about the choice of a candidate. But till then, give the farmer a show.

The farmers are ready now to present to the Convention the name of a man of unimpeachable character, untarnished record and marked ability, one who has resided 23 years among us and is known and honored by almost every one; one who has a mind of his own and the ability to express his views; one with a practical knowledge of public works and with wide experience in public affairs.

Under the circumstances we feel sure that when his name is proposed in the Convention assembled on December 3rd, there will be an instant recognition of the fitness of the man for the position.

This is eminently a case of the office seeking the man. A VOTER.

LOCAL

—At the Supreme Court the Chief Justice sat in chambers this morning.

—The appointment of Dr. Donald of Fort Saskatchewan as Coroner has been gazetted.

—An inch of snow fell at Star and Andrew on Thursday night.

—A special meeting of the council called for yesterday afternoon failed to materialize, there not being a quorum present.

—A social will be held in the Presbyterian church Monday evening under the auspices of the Young People's society of the church.

—The public meeting of the ratepayers announced for last evening in Robertson Hall was postponed till Tuesday evening next, November 29.

—The Baptist church choir, assisted by other local talent, will give a Scottish concert in Robertson Hall on Wednesday, November 30, St. Andrew's Night.

—P. E. Butchart is mentioned as one of the probable aldermanic candidates at the approaching city election. J. R. Boyle and W. A. Griesbach are also mentioned.

—In the Presbyterian church on Tuesday evening, the Rev. D. G. McQueen will deliver a lecture on his recent trip to Scotland. The choir of the church will render a special musical programme.

—J. S. McFarlane, of Belmont, lately purchased a fine bunch of cows which were brought from Ontario. He has also purchased a very fine young imported Hereford Bull from James Tough.

—Plaindealer, November 25: We are sorry to relate that Mrs. Richard Ottewill, of Clover Bar, whose serious illness we mentioned last week, died on Wednesday. The funeral takes place to-day.

—Mme. Rosa D'Erina, the celebrated Irish singer and Mr. G. R. de P. Ventom, tenor, humorist and impersonator, will appear in Robertson Hall on the evening of November 1 under the auspices of the C.M.B.A. Society.

—W. A. Deyl returned to the city last evening from a visit to Macleod and Lethbridge on business in connection with the Brotherhood of Carpenters. There was no snow at Macleod, but nearer Calgary there was three inches of snow on the ground.

—A St. Catherine's ball was given in Steffes Hall, Morinville, last evening by the Misses Guertin. About thirty-five couples were present and a most enjoyable evening was spent. Among those who attended from Edmonton were Messrs. Savard, Gariepy, Lessard, Duhamel and Desbène.

—F. W. Peters, General Freight Agent, and W. C. Bowles, Assistant General Freight Agent of the Canadian Pacific railway arrived in the city last evening in a private car. The car was brought over from Strathcona. Messrs. Peters and Bowles spent this morning in Edmonton.

—A gang of men are at work at present extending the electric light line north along Seventh street and west on Peace avenue to serve Clarke's factory and intervening residences. The building of the Northern Lumber Company will also be served by this line, and it is expected that the company will require power for a saw and door factory by March 1.

—Arch. Fleming, of Vegreville, is in the city to-day. He has just returned from a drive to Lloydminster. The village has been very prosperous this season, and considerable new buildings have been erected. Only two grading outfits were at work on the line between Lloydminster and Vegreville, and these have since quit work. A large number of the contractors are going into winter quarters near Vegreville, so as to be ready to commence work first thing in the spring. They are now busy hauling logs and oats, and putting in a stock of provisions.

PERSONAL

R. C. Bauer, of Wetaskiwin, arrived in the city last evening.

Cope Telford, of Tara, Ontario, arrived in the city last evening and will probably remain here.

J. Corbett, has arrived in the city from Brantford, Ontario, and has taken a position on the Bulletin staff.

E. Fontaine, D.L.S., of Lévis, Quebec, and J. E. Umbach, of Ottawa, of Fontaine's survey party are in the city to-day.

CHURCH SERVICES

Pastor MacDonald will conduct the services at the Baptist church, morning and evening. The subject of the evening address will be "Superiority, the Best Trade Mark."

The regular services will be held in the Presbyterian church to-morrow morning and evening. Rev. D. G. McQueen will conduct both services.

A social will be held in the basement of the Presbyterian church on Monday evening, under the auspices of the Young People's Society.

On Tuesday evening, Rev. D. G. McQueen will deliver a lecture on "A Trip to Scotland." A musical programme will also be rendered.

In the College avenue Methodist church on Tuesday evening the choir of the church will give a sacred musical recital. A collection will be taken at the door. The programme will commence at 8.15 o'clock.

Rev. C. H. Huesis will conduct the services to-morrow morning and evening in the College avenue Methodist church. In the morning the subject will be "Is Life Worth Living?"

In the Kinstino avenue Methodist church the morning service will be taken by Rev. Mr. Douglas, and the evening service by Rev. Mr. Cox.

To-morrow is advent Sunday in All Saint's church, and there will be a celebration of the Holy Communion at 8.30 o'clock and at 11 a.m. The preacher at the morning service will be the Rev. J. Atkinson, and at the evening service Ven. Arch. Webb.

An orchestra consisting of nine pieces has been organized in connection with the Presbyterian church Sunday school. It is composed as follows:—Miss Edith Webster, Miss Ethel Webster, Miss Tait and Messrs. Park and Bauer, violins; Lorna York, cornet; C. W. Willis, clarinet; C. M. Tait, cello, and Miss Alice McDougall, pianist. A Sunday school choir of fifteen voices has been organized under the leadership of Geo. A. Reid.
